

FLAGSTAFF'S WATERWORKS.

Another Proposition Pending. If Accepted Work Will Begin Soon.

The waterworks question is not dead. It has only been sleeping for three or four months waiting on one J. A. Jones of Los Angeles, Cal., who has been East trying to "rustle" a bond so that he could take the contract to put in the system.

The town council has exhibited a great deal of patience with this man Jones, and extended the time from week to week so that he could arrange to take the contract until they ascertained it was impossible for him to comply with the requirements and that it was a waste of time to wait longer.

Last Monday the council in regular session passed a resolution which they had spread upon their minutes, declaring the deal off with Jones, and ordering the clerk to furnish him with a copy of the resolution at once.

The Mayor, J. W. Francis, is now in receipt of a letter from the Phoenix Construction Company, wanting to know if the council would consider a proposition from this company to put in the waterworks, if so, to wire them which has been done and a representative of the company is expected here every day to submit their proposition to the council.

They stated in their letter that they could readily furnish a satisfactory bond and would go to work within ten days after the signing of the contract and would push the work to completion.

Theirs is a business proposition, and the prospects for the system being put in is certainly brighter now than it has been for months, for this company is abundantly able to carry out any contract that it may make with the council and is anxious to get the contract.

If the council is successful in letting the contract to this company considerable work will be done in this month and before many months Flagstaff can boast of a complete system of water works.

Al Garten arrived in town yesterday from his ranch.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for constipation and sick headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2625 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices 50 cents and \$1. Get a bottle at Dr. D. J. Braanen's drug store.

A Distinguished Visitor.

Hon. Archibald J. Sampson of Phoenix, who has lately been appointed envoy extraordinary and minister plenipotentiary of the United States to Republic Ecuador, S. A., arrived in Flagstaff, Tuesday from Joliet, Illinois, where he had been visiting.

Gen. Sampson will visit with his son-in-law here, Mr. Frank M. Livermore, for a few days and then start on his journey to his post of duty. The General made this office a social call, and he impressed us that he was a high-toned gentleman, worthy and competent to fill the high position assigned to him. In his appointment Arizona was highly honored as there were only twenty-seven such plums to be divided with forty-five states and four territories.

Fads in Medicine.

There are fads in medicine as in every thing else and a "new thing" frequently sells for a short time simply because it is new. But in medicine, as in nothing else, the people demand and will be satisfied only with positive, absolute merit. The fact that Hood's Sarsaparilla has stood its ground against all competition, and its sales have never wavered but have remained steadily at the top, demonstrates, beyond any doubt, the intrinsic virtues of this medicine. The new things have come and gone but Hood's Sarsaparilla rests upon the solid foundation of absolute merit and its power to cure, and its sales continue to be the largest in the world.

Teacher's Association.

A number of scientific scholars has been secured for the Territorial Teacher's Association.

Dr. T. J. J. See, of Berlin University, who has made a most enviable reputation among the astronomers of both continents, will give a lecture on bi-nary stars. The Dr. holds the world's record on his investigation of bi-nary stars, and easily stands first as authority on them. Through his researches he hopes to prove the "Universal law of gravitation" which has never really been proven as yet. This will be a rare treat and alone will amply repay for a trip to the skylight city.

As the time for the Territorial Teacher's Association approaches, the outlook becomes more and more promising. Judging from present indications it would seem that there would be at least seventy-five in attendance from Phoenix. The responses from the various members on the program assure a most instructive session; while the citizens of Flagstaff are simply outdoing themselves to make things pleasant for all who attend.

Most of the teachers will leave here Saturday night, arriving in Flagstaff at 10 o'clock Sunday morning.

The rates of one fare for round trip also the special canyon rate are applicable to all, whether tourists or teachers.

Lectures from various eminent scholars will be given during the session.—Phoenix Gazette.

Wasted Duck Shot.

A young man of this city whose name we withhold went to Dry Lake duck hunting last week and was very successful in slaughtering the water fowls. After killing fowl after fowl in the presence of experienced hunters, who seemed to be amazed at his great slaughter, he loaded his back down to the guard with his game and hastened to town to exhibit the evidence of his skill. On his arrival in town he presented each one of his many friends with a nice fat duck, as he supposed, and imagine his chagrin when they pushed them back and said they didn't eat "Mud Hens." The young man has abandoned duck hunting and surrendered the championship belt as to ducks, but the boys say he is entitled to the belt as the champion "Mud hen" killer.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisbam, of Gaars Mills, La., has to say on the subject, viz: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale at Dr. D. J. Braanen's drug store.

Buckey O'Neill of Prescott who roasts the Territorial officials through the press occasionally, was in the city Friday and made this office an agreeable call. He was here to confer with some eastern capitalists regarding the Grand Canyon mines and the building of the Grand Canyon railroad. Before many months, in our opinion, there will be a large number of miners employed in these mines, and dirt will fly on the new railroad from Flagstaff to the Grand Canyon mines.

HOTEL WANTED—20 or more rooms in active farming or mining town, on a division basis or salary, by an active, all-round hotel man, who is competent to fill any position, as clerk, steward, bartender or general manager. Sober, reliable, genial disposition. High class references. Married. Address, A. VENETTISCH, P. O. box 417, Pueblo, Colo.

HARPER Whiskey is rapidly becoming the national beverage. It's the one thing all parties agree upon. Republicans, Democrats, Populists, even the "know-nothing" party knows one thing; the merits of HARPER whiskey.

SOLD BY

J. J. DONAHUE,

Nervous Prostration

Could Not Sleep—Had No Appetite

Cured in Body and Mind by Hood's Sarsaparilla

"I suffered very much for a long time with nervous prostration. I had about given up all hopes of ever getting better when Hood's Sarsaparilla was recommended to me and I believe it my duty to let other sufferers know the benefit I derived from it. I Could Not Sleep at night, was without appetite, and what little I did eat I was unable to keep on my stomach. After taking the first bottle of Hood's Sarsaparilla, which seemed to do me some good, I tried a second and continued to feel better. I got up feeling

Bright and Refreshed in the morning. I continued with the medicine and am cured, body and mind, can sleep well and feel better in every way. I gladly recommend Hood's Sarsaparilla to others." J. EDWARD RIFFLE, 154 Madison Ave., Allegheny, Pa.
